**Opening Prayer** (*unison*)      Rev. Wooster

Life giving God, you created us in your image, and with a rich diversity of character and personality. We are loud and quiet, we are excited and reserved, we are energetic and reflective. We come today from different places, different moods, different mornings. Inspire us to embrace our individuality; to give thanks for the quirks and abilities that make us who we are. Guide us to respect and value difference in each other and to appreciate the variety that makes life interesting; that makes friendship vibrant; that sparks creativity. Encourage us to love without judgment or fear, and with confidence in your eternal love for us.  
**Amen.**
